COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Commissioner for Patents

Sir:

Applicants acknowledge with thanks the Notice of Allowance mailed July 9, 2008. Paragraph 5 of the detailed action portion of the Notice included an examiner's statement of reasons for allowance. That statement appears to include language from the specification. Out of an abundance of caution, Applicants observe that the scope of each claim should be based on the actual language of that claim.

Respectfully Submitted,

Dated: 14 August 2008
